NIPPON STEEL ENGINEERING CO., LTD. TECHNICAL REVIEW

Vol. 15

March 2024

Contents

Preface ····· 1

Technical Report

Building & Infrastructure Field

1. Seismic Response of Isorated Structure by Combination of Spherical Sliding Bearing and U-shaped Steel Damper ····· 4
Yoshinori SAKAI, Shingo YAMAGUCHI
Michio YAMAGUCHI, Atsushi WATANABE

Environment & Energy Field

2. Development of "Think Crane®", an improved automatic waste crane operation system ·····12
Akihiro TOKUGAWA, Tooru IZUMIYA, Junichi TAKADA,
Jun KOIKE, Daisuke ONITSUKA, Satoshi MIYAZAKI,
Kenjiroh MORINAGA, Kunpei MATSUDA

Marine Engineering Field

3. Long-term corrosion protection of offshore wind turbine foundation with high build epoxy coating ·····17
～Durability of high build epoxy coating exposed to marine environment for 24 years～
Hirotaka SATO, Atsuo OOTAKE, Yoshisuke KATAYAMA

Product Report

Building & Infrastructure Field

1. Consulting system for soil pollution……28

Environment & Energy Field

2. Energy-saving BOG reliquefaction equipment ……31

Analysis & Simulation Field

3. Simulation Optimization Technology (Part2)……33

4. Computational Fluid Dynamics ……35

Electrical & Automation System Field

5. "Think Platform" for Stand-alone plant utilizing cutting-edge Digital Technology ……37
